DR. 100 PERCENT

WASHINGTON, DC

MEET DR. 100 PERCENT

In the field of Diversity, Inclusion, and Equity (DIE), Dr. Bell is uniquely qualified as an authority, as he speaks from 1st hand experience, as a legally blind Black man who grew up in during "The Second Revolution" of the Civil Rights Movement from 1965-1980. The Second Revolution revolved around the passage of the Civil Rights Act of 1964, where the U.S. Commission on Civil Rights struggled with an agenda rapidly expanding in scope, complexity, and controversy.

As a lifelong "boots on the ground, in the trenches" advocate for "Not wanting More than, just the Same as" approach, when it comes to diversity, inclusion and equity. Finally, as a scholar who speaks from an understanding the effects that institutional racism has on both victims or victimizer Dr. Bell stands alone.

Dr. Bell has shared his practical and easy to grasp strategies of "Focusing your Vision" to hundreds of thousands of people from around the world, which has led to academic, athletic and organizational successes for those who have experienced his message and put those learned skills to practical use in their daily lives.
